

# SARNIA-LAMBTON

ONTARIO  CANADA

## ADVANCED MANUFACTURING

Advanced manufacturing is a cornerstone of the Sarnia-Lambton economy. A solid base of highly skilled workers, infrastructure, and research capabilities allows companies to be leaders in the development of innovative, cutting-edge products and technologies. A diverse range of high-value industry leading products are manufactured in Sarnia-Lambton, including: plastics, chemicals, industrial equipment, automotive and transportation parts, military and police supplies, construction and custom metal products.

Sarnia-Lambton provides a strong foundation on which advanced manufacturing companies can prosper in delivering products and services to local, national, and global markets.

### SARNIA LAMBTON Industrial Alliance

The Sarnia Lambton Industrial Alliance is a coalition of over 35 Sarnia-Lambton companies who employ more than 2,600 people that specialize in all aspects of metal fabrication, machining, technology, environmental, and support services geared to manufacturing industries. Each company provides cutting-edge specialized services in its own discipline, partnering with other companies to provide clients with seamless integrated services.
