**Memo: Shutdown Status: Business Owners**

In response to many requests for further information, we have drafted the following information to support our local businesses.

Based on today's announcement from the province, we anticipate Lambton County will return to the previous framework and no longer be subject to the shutdown and stay-at-home orders on February 16, 2021. **The exact zone that Lambton County will be in is to be determined by the province on this date based on our local data.** Our [website](#) will indicate the most up to date information once we have received direction from the province.

Please be aware that the province may change which zone we are in, at any time, based on local data.

Please see the [Framework](#) for specific restrictions for each zone that apply to your sector.
