February 3, 2022

Lambton County Businesses and Organizations,

As always, information continues to rapidly change and, therefore, we are forwarding you another letter to ensure your business is aware of some updates to processes that may impact your business.

Enhanced Proof of Vaccination

It is now mandatory to use the enhanced vaccine certificate with the QR code to gain access to settings that require proof of vaccination. There are two exclusions that include community members of the First Nations and Visitors from Outside of Canada (reference page 8/9 for more details). Businesses and organizations are required to verify the enhanced vaccine certificate using the Verify Ontario app.

- [Revised Proof of Vaccination Guidance – January 27, 2022](#)

Updated Screening Tools

Active screening of employees and patrons of certain businesses continues to be a mandatory requirement to implement. Recent updates (January 31, 2022) have been made to reflect the changes to the [Provincial Case and Contact Management Guidance](#) (January 14, 2022).

Worker/Employee Screening Tools

- [Online Screening Tool](#)
- [Workplace Screening Tool](#) – PDF (this guidance includes additional guidance for each question in the online screening tool)

Important updates include guidance for individuals with Covid-19 symptoms that have not tested positive (PCR or rapid antigen) that have access to rapid antigen tests to end isolation if criteria is met. See [this provincial website](#) for more information.

Patron/Customer Screening Tools

- [Online Screening Tool](#)
- [Business/Organization Screening Tool](#)- PDF

Please connect with Lambton Public Health if you have workplace questions by emailing us or calling the Covid information line at 519-383-8331 ext. 3682. Visit [Lambton Public Health Workplaces webpage](#) for more information and resources.

Sincerely,

Workplace and Municipal COVID-19 Liaison Team
